

Primary Colors: No Role for ISM's

A Framework for Individual + Social Empowerment + Evolution

Why Bother?

- We only live once (70-90 years)
- Allow for societal progress within different political/governance frameworks
- Increases individual fulfillment, innovation and productivity regardless of political and other structural constraints

How Much of Each?

- Optimal 3 out of 3 for 50% of people
- 1 or less out of 3 for less than 50% encourages military repression

Choice:

- Gender Equality
- Education: Distance learning/ Joint public/private partnerships
- Nutrition: Public schools, negative tax, education
- Healthcare: Pre and Neonatal, lifetime preventive and curative care
- Information: Network access
- Welfare/Safety Networks: Safeguards for initially and time-limited needs

Connection: Social fairness and transparency

- Trust: Property and human rights
- Respect: Eliminate corruption
- Fairness: Control entitlements
